

Pinterest Bulletin Board

The **Pinterest Bulletin Board** is an extra credit opportunity for all junior high students. This will allow each student the option to earn 5 extra points that can be applied to their lowest quiz score and the end of the quarter. At the beginning of each quarter a theme will be selected that is related to either American or World History. Your job is to research topics associated with this theme. You will not need to actually use the Pinterest website to participate. However, you will need Internet and printer access.

Requirements:

1. Using the Internet, you must research a topic related to the designated theme. For example, the theme for 3rd Quarter is **People Who Changed the World**. There is a list on the 3rd-6th slide to help you brainstorm.
2. You must use the template on the next slide to earn points which includes:
 - A printed picture related to your research.
 - **OR** you can hand draw a picture related to your research. However, it must be of **superb** quality to receive extra credit. Full color and NO stick figures!
 - In addition, you will need to type at least one paragraph explaining the topic you researched. That would include a minimum of 5 complete sentences. **In addition, put the information you researched into your own words.**
 - **The site(s) that you researched must be included at the bottom of the paragraph.**
 - Please choose a legible font.
 - Un-Click the “fit to page” option when printing and the template will print smaller.

****Please turn in the physical pin in class and at the beginning of class.****

****3rd Quarter pins are due Wednesday, January 20th****
