

Student Senate Behavior Contract

Congratulations, you have been chosen among your peers to be a leader that responds to the needs of your classmates, school, and community. As a member of Student Senate you are expected to be a positive role model and show exemplary behavior. If students are struggling academically or behaviorally, this may be ground for dismissal from Student Senate. We look forward to a faith filled year of service and your input in making this happen!

I understand that I must meet the expectations above in order to be a member of Student Senate.
